SUMMARY

Detail-oriented and passionate Software Engineer with hands-on experience in designing, developing, and deploying modern web applications using Laravel, SQL, Vue.js, and the MERN stack. Proficient in object-oriented programming (OOP), RESTful API development, and version control workflows. Adept at working in Agile environments, collaborating with cross-functional teams, and delivering robust, scalable software solutions.

WORK EXPERIENCE

Software Engineer Intern - Full Stack , LAUGFS Holdings (Pvt.) Ltd   2025 Feb - 2025 Aug

- Developed and maintained web applications using Laravel, Vue.js, and SQL to support core business functions.
- Designed and implemented RESTful APIs for efficient communication between front-end and back-end systems.
- Created and optimized SQL queries for data retrieval and performance improvement.
- Participated in code reviews, resolved merge conflicts, and followed Azure DevOps workflows.
- Implemented unit and integration testing to improve code quality.
- Collaborated with cross-functional teams in an Agile environment to deliver robust and scalable software solutions.

Technologies - Laravel │ MSSQL │ Vue.js

EDUCATION

Bachelor of Information & Communication Technology (Honours)   Jul 2022- Present

Faculty of Technology, University of Colombo
Main Courses:

- Programming (Python,C)
- Object Oriented Programming (Java)
- Database Management System
- Web Application Development

- Software Engineering
- Data Structures and Algorithms (C language)
- Mobile Application Development (Java)

Diploma in Information Technology   2017-2018

Esoft Metro Campus

SKILLS

- **Front-End Development :** Vue.js, React, Angular, JavaScript, Tailwind CSS, CSS, HTML, Bootstarp
- **Back-End Development :** Laravel, Express.js, Node.js
- **Database Technologies :** MySQL, SQLite, MongoDB
- **Programming Languages :** Python, Java, JavaScript, C, C#, PHP
- **Tools & Version Control :** Git for version control
- **Testing & Integration :** Integration Testing ,Unit Testing, Postman
- **Cloud Services :** AWS, Azure
- **CI/CD & DevOps :** Azure Devops
- **Design & Content Creation :** Figma, Canva, Adobe Illustrator
- **Other Skills :** Project Management, Agile Development, Leadership, Communication, Teamwork, Adaptability

---

PROJECTS

ACADEMIC PROJECTS

To-Do App (PROJECT LINK)   2024

Created a mobile application for managing daily tasks, enabling users to create, edit, delete tasks, and manage their profiles.
Technologies : Java, Android Studio

Device Security Enhancement App (PROJECT LINK)   2023 - 2024

Built a mobile application to enhance phone security with real-time location tracking and a remote ringing feature in case of loss.
Technologies : Java, Android Studio

Game: Snake (PROJECT LINK)   2023

Developed a classic Snake game featuring dynamic gameplay, score tracking, and smooth animations.
Technologies : JavaScript

Student Management System (PROJECT LINK)   2023

Created a system for managing student details, including adding, deleting, editing, and searching, along with course management functionality.
Technologies : C Language

PERSONAL PROJECTS

E commerce Web - Ongoing (PROJECT LINK)   2024-2025

Built a full-stack e-commerce platform with product browsing, cart management, checkout, along with an admin dashboard for product management.
Technologies : MERN Stack

Book Store Web (PROJECT LINK)   2024

Developed a full-stack web application for managing bookstore operations, including adding, updating, deleting, searching, and filtering book details.
Technologies : MERN Stack

Portfolio Website (PROJECT LINK)   2024

Designed and developed a personal portfolio website to showcase projects, skills, and achievements.
Technologies : React

CERTIFICATION

AWS Academy Graduate - Fundamentals of Cloud Computing   2024

Trainee - Full stack developer   2023 -2024
University of Moratuwa
Python for beginners, Web Design for Beginners, Python Programming, Front-End Web Development, Server-side Web Programming

Frontend for Java Full Stack Development - Coursera   2024
